# Animal Silhouettes CD-ROM And Book (Dover Electronic Clip Art)

## **Synopsis**

Bold and eye-catching, these realistic silhouettes depict a magnificent menagerie that ranges from the diminutive dragonfly to the towering giraffe. Wild and domesticated creatures appear here, including familiar images — dogs, horses, and rabbits — as well as more exotic animals, such as the anteater, walrus, kiwi, and mandrill. This book includes a CD-ROM containing 310 royalty-free images scanned at 600 dpi and saved in six different formats (TIFF, PICT, EPS, BMP, as well as Internet-ready JPEG and GIF).

## **Customer Reviews**

Ellen Sandbeck is an organic landscaper, worm wrangler, writer, and graphic artist who lives with (and experiments on) her husband and an assortment of younger creatures -- which includes two mostly grown children, a couple of dogs, a small flock of laying hens, and many thousands of composting worms -- in Duluth, Minnesota. She is the author of "Slug Bread & Beheaded Thistles" and "Eat More Dirt."

This book has a good variety of animal silhouettes and they are true to life, not cartoon type images. My use has been for cutting the images out in metal for jewelry type applications and I am quite

happy with the content for this application.

These silhouettes are great for stained glass patterns... especially if you have a ringsaw like I do.

Very nice selection

Great assortment of animals.

Great clip art.

The animal images in this book are beautiful, however I cannot use it. I wanted to use this for paper cutting, however I need the image to connect so I can cut it out of one piece of paper. This is more of a stencil use type of design. Will be returning this.
