Trucks Coloring Book (Dover Design Coloring Books)

Synopsis

This exciting coloring book introduces youngsters to a fleet of freight-hauling vehicles and other trucks. Pint-sized drivers can have fun identifying 26 different conveyances while they color realistic and accurately detailed drawings of a long line of motorized means of transport. From a sturdy little mail truck — a familiar sight on city streets and country lanes — to the giant 18-wheelers that thunder down the highways, this appealing volume invites colorists to bring to life a parade of familiar vehicles: Street Sweeper; Garbage Truck; Dump Truck; Ice Cream Truck; Tow Truck; Steam Roller; Fire Engine; Cement Mixer; Cherry Picker; Moving Van; Snowplow; Delivery Van; Refrigerated Milk Truck; Earth Mover; Car Carrier; Bulldozer; and ten others. Individual vehicles are set against appropriate backgrounds and informative captions accompany each illustration.

Trucks coloring book is a creative idea for early school years in that it has a narrative of equipments' purposes so kids build their vocabulary! You will need an adult to help read it at first and maybe reduce the reading content. My grandson was surprised to find a coloring book for trucks that he's fascinated by and drawings that are accurate - not cartoonish. Not so appropriate for children 3 and 4 year olds.

This is a great coloring book to keep on hand for little kids to color in when they come to visit you with their parents. Buy some that both boys and girls will enjoy coloring in along with a big box of crayons. The children will appreciate that you thought of them, and it will allow you and their parents to talk without being interrupted as much. I recommend this coloring book. I am happy with my purchase. Thank you.

This is a good book for kids who love trucks. It is suggested for ages 3 to 8, but I think it might be better if it was suggested for 5 and up. I bought this for my 3 year old grandson, but decided not to use it as a gift because I think the pictures are too detailed for a 3 year old to color. I will use it as a gift in the next year or so.

Great coloring book for the little guy who loves to color, and LOVES trucks, like my grandson. He loves it.

Pictures are good but the written material is not at a child level, too technical and boring for a child.

My 2 year old truck loving son loves this coloring book . Sometimes he colors sometimes he flips through the pages naming the different trucks

I was expecting better pictures and better detail, but I got what I paid for...

I ordered this for my 5 year old as a stocking stuffer. Pages are the nice white paper. Each picture has a good amount of detail on it and each page has a blurb about the vehicle/machine that is shown.
