Customer Reviews

This book has really helped me during my 1st year of marriage (which is the hardest)!! If you are struggling within your marriage.. Don't throw the towel in just yet... Purchase this Book!!!! It has truly blessed my heart and gave me a better insight on what marriage truly is. I ordered my husband the "Capture Her Heart" because this book has enlighten me on ways I should love and support my husband & I wanted him to do the same for me!!

Great product! I think I actually just left a review for the companion book I got for my husband - lemme repeat it here. Easy to read, easy to follow. offers wise insights into the male pattern of

thinking, and offers advice on how to get back to the heart of God. Lovely read.

I love this book, it was blessing for me and my family. Thank you for having a caring heart and sharing God's love with everyone. I would recommend this to any woman and will probably go through it again soon myself. Thank you very much!!

Very great readings it gives your husband a lot more credit than you would think and has little scriptures to follow. Teaches you how to be a loving and supportive wife your husband needs.

Lysa is always encouraging and easy to read. Great book for women seeking to honor and love their husbands even when it seems impossible. Highly recommended to those married friends of mine who feel as if their husbands need more than we bargained for! Love them as Jesus loves us-without conditions.

I have an amazing husband. He gives the world to my and the kids but I know in order to stay "newlyweds" it takes effort, education and great communication. After buying Lysa's Unglued book and loving it, I investigated other books by her. I love her style. Speaks to my heart. I do love this book. As I praise my husband all the time I know from reading this book I can praise so much more. She interviewed husbands/men to see what they really wanted wives/women to know. Changed my thinking on some things. Still reading but I love this book. I just cracked up because she went from love, communication, respect, provider, financial, support etc to BAM! time for Nookie. I recommend this book.

I recommend this for ladies to better understand how to speak a husbands language. I also recommend the the corresponding book "Capturing Her Heart" for men. Good tools for a great marriage, can't ever have too many tools! :)

I have been married for 15 years and love my husband dearly. I read all that I can to keep our love fresh. This was a beautiful little devotional. I definitely recommend.
