Wow, I definitely believe in the divine timing of reading this book at this point in my life and spiritual journey. I've read many of Doreen's other books before and considered them to be inspiring but on the lighter side. This book however felt different and brought clarity in a profound way for me, fusing years of spiritual learnings into a more cohesive worldview. I've read lots of books on the afterlife and psychic experiences, Eckhart Tolle, the angelic realm and ascended masters, lots of channeled books (Seth, Ra, Abraham, Frank), Mike Dooley, Autobiography of a Yogi, A Course in Miracles (ACIM), etc. Doreen's book felt like an easier-to-digest condensation of many ACIM teachings, but with explanations that started to help me reconcile the narratives of the LOA and reality creation beliefs. The angels' focus on forgiveness, duality, the paths of love and fear, reality creation, oneness and the constant presence of Source/God - it all just coalesced with this book. It's a short read and deceptively simple to take in. Coming at it with the background and perspective of these other books helped me discover new insights. Some people may think all this new age stuff is kooky, but the deeper I delve, the more these teachings speak to me.

This book brings to us a simple explanation of life being lived happily, peacefully and Divinely in conscious oneness with God and all life. It helps us to understand and identify ego and separation consciousness. The angels explain how this life of Oneness is experienced in the physical and how they are truly here to help us remember, We are one with God. A valuable book.

Doreen Virtue continually writes amazingly heartwarming books.

Doreen Virtue delivers a wonderfully uplifting and helpful book. I really enjoyed this!

10 Message Your Angels Want You to Know ... is different from the rest of Doreen's books, as this one is channeled from the Angels. Doreen writes that she sat down at her computer to transcribe what was coming through from the Angels. I am grateful for this powerful work. A must read indeed.

I chose 5 stars because this book answers many questions we all face everyday! Please take the time to read this book and to absorb its many answers of peace and love!

I love everything about angels. This book is really very interesting. I bought the hard copy because I want to have it in my night stand always.

The messages were easy to understand and assimilate. Timeless spiritual truths. Great reminders of how we can live a peaceful, joyful and meaningful life. Thanks.
