Greenland Ventures

Synopsis

Leave the luxuries of the twenty-first century behind and head for the transcendent beauty of Greenland, letting the author be your guide. With a wealth of mountaineering experience, a perceptive eye and bundles of enthusiasm, Woolley leads his readers through this most extreme of landscapes, charting close on twenty years of expeditions through his personal trials and moments of triumph. Combining technical and geological knowledge with an anecdotal style, this is a must for enthusiasts and a delight for the general reader.
