Paint By Sticker: Birds: Create 12 Stunning Images One Sticker At A Time!

Synopsis

Paint by Sticker is the most exciting new idea in activity books, both for grown-ups and kids. A compelling activity for crafters and artists, doodlers and colorers of all ages, each Paint by Sticker book includes everything you need to create twelve vibrant, full-color "paintings." The original images are rendered in low-poly, a computer graphics style using geometric polygon shapes to create a 3D effect. As in paint-by-number, each template is divided into dozens of spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it's an activity that's utterly absorbing, both in the pleasure of peeling and sticking and the growing satisfaction of watching a "painting" come to life, emerging from a flat black-and-white illustration to a dazzling image with color, body, and spirit. Paint by Sticker: Birds celebrates the rainbow of colors and shapes of the avian world: a red-headed woodpecker, a blue jay, an orange and black Baltimore oriole, an electric bright hummingbird.

My daughter that has cerebral palsy loved this gift. She shared the pictures with the other kids in her group home and they loved them as well. Develops great hand/eye coordination for those that suffer. Was a great 'calming' effect when the kids were working on the projects. Complete, concise instructions. Easy to use and a beautiful finished project.

27 years old and totally addicted. I will be purchasing every one in existence!

I really enjoy doing these! Yes, some of the stickers are pretty small but that makes it challenging. It does take a steady hand. I like the look of collage so I don't mind some white space showing through.

These are a lot of fun and great for adults. I'd definitely recommend buying this!!!

Best for entertaining kids on a flight. Pictures actually turn out really cool. Is a challenge for sure to put all the stickers on in the right place, but in a good way.

These are a challenge to complete. I love the challenge. Keeps your mind focused. You will need a pair of tweezers.

My granddaughter loves it. Great to take on a plane ride. Keeps them so busy they don't notice how long we were in the air.

Bought this for an 11 year old. She really enjoyed it, and it was enough of a challenge to keep her interested. The completed pictures were quite impressive. Good quality paper.
