## Customer Reviews

Lita Epstein, MBA, is a seasoned financial writer and the author of The Complete Idiot's Guide(r) to Improving Your Credit Score, The Complete Idiot's Guide(r) to Foreign Currency Trading (with coauthor Gary Tilkin), and The Complete Idiot's Guide(r) to Options and Futures, Second Edition.

Good Book

What I read was informative, but may not be what I NEED! I have a problem with getting the correct coverage. I am a cancer patient and have to make sure my medications are all covered.I am on a

special program where a lot of my medications are paid for through "patient assistance". I can't have any drug programs with my social security program. If I want to have my prescriptions paid for and furnished by pharmaceuticals.I'll continue to look for better ways to handle my meds.

Social Security and Medicare are ever changing. Keeping up to date is difficult for the professionals and if one only starts thinking about this when approaching age 65 it's very difficult to understand. This books breaks things down into easy to understand concepts and explanations.

For anyone just learning about what Medicare [does not] cover and what Social Security does cover, it's good background training. The specifics, especialy of Medicare, change too often to use this for more than getting an idea of how the what-you-might-call system works. However, knowing that is essential, and you will learn what questions to ask.

very good book, up to date, book arrived in great condition. Very happy

This is a pretty worthless book written by an obviously left wing financial consultant.

thanks

Great
