That I know of, there are no Cars books available where Mack is on the cover and on many pages of the book. As Mack is my grandson's favorite Cars character, this makes this book his absolute favorite, because of the pictures. Not much plot. Not many words. Vibrant pictures. Truthfully, if it weren't my grandson's favorite book, I'd give it about 2 stars. I just don't feel like we should give a free pass to early readers. Early readers can and should be easy to read yet still interesting.

i gave three of these 'cars' books to my son for christmas and he really enjoyed them. they have very little words, but very appropriate for my 2-1/2 year old. he's a big fan of the movie and the books were a great transition over for our nighttime readings.

My grandson loved this book. He loved anything about "Cars"

Great book, easy to read!

my son loves it

A great series for a child that loves matchbox or any other car related items.

I love all the books that have the reader levels. This is a great book for young and early readers who enjoy the Cars story, but can't yet read the entire book.

My 2 1/2 yr old grandson Dyson play with the cars and read the book...I think it makes the story come to life.
